

HSBC Global Investment Funds

FRONTIER MARKETS

Marketing communication | Monthly report 30 June 2025 | Share class ACEUR

Investment objective

The Fund aims to provide growth and income by primarily investing in a diversified portfolio of Frontier Markets shares.

Investment strategy

The Fund is actively managed.

In normal market conditions, the Fund invests minimum of 90% of its assets in shares (or securities similar to shares) of companies of any size which have their registered office in, and with an official listing on a major stock exchange or other Regulated Market in Frontier Markets. The Fund may also invest up to 10% in eligible closed-ended Real Estate Investment Trusts (REITs).

Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time.

The Fund may also invest up to 10% of its assets in other funds and may invest in bank deposits and money market instruments for treasury purposes.

See the Prospectus for a full description of the investment objectives and derivative usage.

Main risks

- Please remember that the value of investments, and any income received from them, can fall as well as rise, is not guaranteed and you may not get back the amount you invested.
- The value of investible securities can change over time due to a wide variety of factors, including but not limited to: political and economic news, government policy, changes in demographics, cultures and populations, natural or human-caused disasters etc.
- The Fund may invest in Emerging Markets, these markets are less established, and often more volatile, than developed markets and involve higher risks, particularly market, liquidity and currency risks.

Risk Disclosure

- Investment Leverage occurs when the economic exposure is greater than the amount invested, such as when derivatives are used. A Fund that employs leverage may experience greater gains and/or losses due to the amplification effect from a movement in the price of the reference source.
- Further information on the potential risks can be found in the Key Information Document (KID) and/or the Prospectus or Offering Memorandum.

Benchmark disclosure

The Investment Advisor will use its discretion to invest in securities not included in the reference benchmark based on active investment management strategies and specific investment opportunities. It is foreseen that a significant percentage of the Fund's investments will be components of the reference benchmark. However, their weightings may deviate materially from those of the reference benchmark.
